

Below is an excerpt from an internal memorandum from the Franklin County Court of Common Pleas Domestic Relations Division Human Resources Department sent to the Assistant Court Director on August 22, 2005:

Knowing how important this was to the Judge, and knowing I was going to be out of town the next week, immediately after speaking with Judge Squire I went to see Administrative Judge Mason to inform him that Judge Squire wanted to be included on any meetings regarding the replacement of the JDC Superintendent. His Staff Attorney was present during the conversation. I explained to Judge Mason that I would be going on vacation and would not return to work until July 11, 2005.
